

# Installation Guide

Picture 1

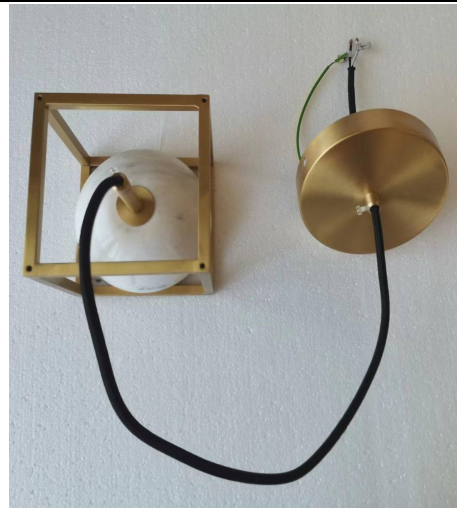

Parts List: A\*1; B\*1; C\*1; D\*2; E\*1; F\*1; (Do not remove the driver on the wire, first test the power with A to ensure that the lamp is powered on normally.)

Picture 2

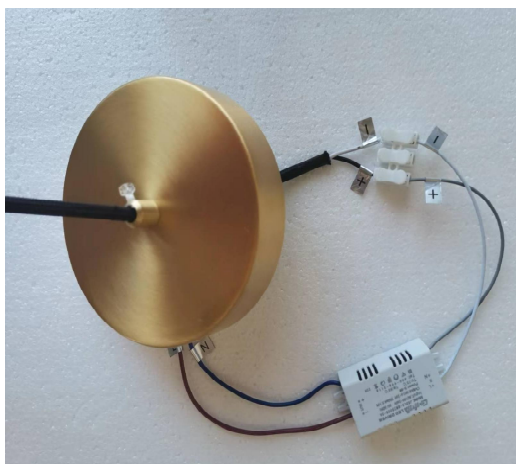

Step 1: Press the wire on the lamp holder A to the end of the wire by hand to separate the driving end.

Picture 3

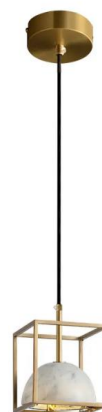

Step 2: Thread the A lamp holder wire into the B ceiling plate.

Picture 4

Step 3: Be sure to connect the separate drivers with the same + - signs to the wires on the A lamp holder. If the direct connection will cause the light source to burn out, the lamp will not light up if it is reversed.

Picture 5

Completion.
