# Installation Guide

Picture 1

Check products and accessories: self-tapping screw (25mm), installation time: 30 minutes, installation difficulty: 1, installation number: 1
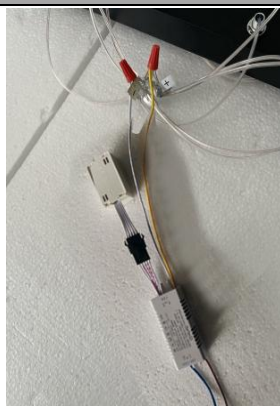

Picture 2	Picture 3
Step 1: As shown in the picture, remove the hanging plate on the top plate and secure it on the ceiling with self-tapping screws and rubber plugs.	Step 2: Pass the line of the lamp body through the top plate, adjust the line to a suitable length, and tighten the screws to secure it.

Picture 4	Picture 5
Step 3: Connect the positive (+) line with the drive yellow line, and the negative (-) line with the drive white line, and insulate it with a wire cap.	Step 4: As shown in the picture, insert the neutral wire (blue), live wire (brown), and ground wire (yellow) into the terminal, and then connect to the home power supply. (Note: pay attention to distinguish the zero and fire line.)

Picture 6	Picture 7
Step 5: As shown in the picture, secure the top plate on the hanging plate with nuts.	Complete the installation.
