

# Installation Guide

Picture 1

Picture 2

Parts list: (self-tapping screws and rubber sleeves: M4\*30mm)  
installation time: 30min, number of installers: 1, installation difficulty: 1

Step 1: Take out the hanging plate from the chassis and fix it to the ceiling with self-tapping screws.

Picture 3

Step 2: As shown in the figure, connect the neutral wire (blue wire), live wire (brown wire), and ground wire (bare copper wire) to the terminals, and then connect them to the home power supply accordingly.

Picture 4

Step 3: As shown in the picture, tighten the screws to fix the chassis to the hanging plate.

Picture 5

Completion.
