

## Wall & Display Shelf Installation

Tools You Will Need: Tools You May Need

Adjustable wrench

Hexagon wrench

Philips Screwdriver

### Before the Installation

1. Do not throw away packing materials until assembly is complete for small parts may come loose inside the carton during shipment. If parts are missing, please contact us.
2. Assemble this item on a soft surface, such as carpet to protect the finish.
3. Proper assembly of this item requires 2 people.
4. Periodically check to ensure that all connections are tight.
5. It is recommended that installation of the product be done by a qualified licensed furniture assembler.

### Care and Cleaning

1. To protect the finish, avoid use chemicals and household cleaners.
2. All hot serving dishes should be placed on a pad.
3. Any liquid spilled onto the top should be cleaned up immediately with a damp cloth.

## Step 1

Step 1: Mark the hole position on the wall with a pen,

## Step 2

P.3/4

Step 2: Punch holes at the marked positions with an electric drill, the depth of which is the length of the expanded rubber cap.

## Step 3

Step 3: Plug the expansion rubber cap into the hole.

## Step 4

Step 4: Nail the screw into the expanded rubber cap, with the nail head reserved for 5mm, and hang the product back hook on the screw to finish.
