

Maxima Warranty

Maxima is committed to delivering high-quality furniture crafted from premium materials designed for durability and longevity. Each product is built to meet strict safety and quality standards, with most items finished using low or zero-emission coatings that help resist scratches and maintain color over time.

All Maxima products carry CARB 2 Certification. Melamine-faced panels are made from CARB P2 compliant particle board and meet CPSIA, CPSC, and Prop 65 regulations for added peace of mind. Hinges and drawer glides undergo rigorous testing to ensure smooth operation and lasting durability.

Maxima furniture comes with a one-year factory warranty covering manufacturing defects such as breakage, deformation, or discoloration. Additionally, all internal metal mechanisms are backed by a lifetime factory warranty against defects in manufacturing.

Please note, the warranty does not extend to damage caused by improper use, cleaning, or normal wear and tear, including breakage, warping, or fading. Spare parts are available for purchase when needed.
