

## Moe's Limited Warranty

Moe's Home Collection expects every purchase to arrive in impeccable condition. If an item is found to be damaged or defective, it is covered by a manufacturer's limited warranty. The warranty period runs for one year from the date on the original invoice. It covers defects in both materials and construction. The warranty is non-transferable. Coverage does not extend to As-Is merchandise, floor models, resold items, or second-hand goods. Warranty protection applies only when products are used as intended. Misuse, accidents, abnormal use, or unauthorized modifications are excluded. Damage resulting from normal wear and tear, corrosion, moisture, fire, or other acts of nature is not covered. Products designed solely for residential use will not be covered if placed in a commercial setting.
