"While working with Egypt (Sherrod) for her show Married to Real Estate Season 2, our goal was to elevate the impression of her home designs. Our challenge was to source products with fast delivery as delivery times for furniture were heavily delayed during the pandemic. We discovered ordering from Sagebrook Home to be very reliable. We had no issues with items being back ordered or delayed which was extremely helpful to our operation. We noticed they have great relationships with their clients, resulting for their business to truly flourish. We are extremely happy with their service and highly recommend others to utilize them."
